

**GETON CONTAINERS**

# **10MWh Mobile Energy Storage Container for Wastewater Treatment Plants**

## Overview

---

Can a mobile water treatment plant be used in a container?

This customer needed to upgrade the existing water treatment plant, but no free space at site was available. Mobile water treatment in a container was the solution of choice. Cooling water treatment for a chemical company in Russia. The company chose a plug-and-play 8' container installation for the water treatment.

What is a containerized wastewater treatment plant?

A containerized wastewater treatment plant is a wastewater treatment system that is fully integrated into a container. For uncomplicated and fast transportation, we use 10, 20 and 40-foot shipping containers in accordance with the international ISO standard for our KLARO container systems.

How much energy does a containerized wastewater treatment plant use?

No planning or buildings are required to operate a containerized wastewater treatment plant - the plant simply needs to be placed on a solid base. This saves costs in advance, and the system is also highly efficient during operation: a 20-foot container only needs 13 kWh/d. Container.One, Container.One+, Container.Pro and Container.Xtra.

How many m<sup>3</sup> of wastewater can a containerized wastewater treatment plant handle?

We have experience with containerized wastewater treatment plants for up to 1,380 PE or 207 m<sup>3</sup> of wastewater per day. A wastewater treatment plant is only as effective and efficient as the installed system.

## 10MWh Mobile Energy Storage Container for Wastewater Treatment

### Mobile water treatment in container

Mobile water treatment in a container was the solution of choice. Cooling water treatment for a chemical company in Russia. The company chose a plug-and-play 8' container installation for ...
