

# 12 volt solar container inverter

## Overview

---

What is a 12-volt inverter?

The Mecer 1KW 12V Pure Sine Wave 100AH Battery Inverter Trolley is a 12-volt inverter that can be used to power various devices. It features a pure sine wave output and excellent overcurrent protection, allowing it to handle large starting currents. Additionally, it comes with independent solar three-stage charge management to improve charge efficiency.

Do you need a 12V battery inverter?

Nowadays owners of residential solar systems rarely use 12V batteries and instead pick 24V or 48V. However, 12V batteries are very popular among boat and RV owners. For this reason an 12V battery inverter is perfectly suited for a ship or recreational vehicle.

Can a 12V battery inverter be used on a ship?

For this reason an 12V battery inverter is perfectly suited for a ship or recreational vehicle. Don't forget that the inverter is quite vulnerable and its electronics need a cool dry place with a good air circulation to work properly. Put it somewhere close to a battery so you don't lose too much energy due to long travel distances of electricity.
