

# **12v4kWh solar container lithium battery pack**

## Overview

---

What batteries do I need for my solar system?

We have 24V and 48V lithium solar batteries to fit you with the right system for your solar application! BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

What are bigbattery off-grid lithium batteries made of?

BigBattery off-grid lithium battery banks are made from LiFePO<sub>4</sub> cells, which are the best energy source because they store more energy than any other lithium or lead-acid battery. Our solar batteries are the lowest-priced energy source in the long run and are cheaper than lead-acid batteries.

Does bigbattery use lithium ion batteries?

BigBattery's off-grid lithium battery systems utilize only top-tier LiFePO<sub>4</sub> batteries for maximum energy efficiency. Our off-grid lineup includes the most affordable prices per kWh in energy storage solutions. Lithium-ion batteries can also store about 50% more energy than lead-acid batteries! Power your off-grid dream with BigBattery today!.

Which battery bank is best for a home solar panel system?

Home solar panel systems need a way to store all the energy they produce, which requires effective, efficient and powerful solar battery banks. BigBattery off-grid lithium battery banks are made from LiFePO<sub>4</sub> cells, which are the best energy source because they store more energy than any other lithium or lead-acid battery.
