

# 50gwh power storage battery

## Overview

---

What is a 50kWh battery pack?

Introducing the 50kWh Battery Pack, specially designed for home solar energy storage systems. Consisting of 5 pieces of 48V 200Ah batteries, this pack offers a total of 48V 1000Ah in a standard server rack 19".

What is a 48 volt 50 kWh battery pack?

This 48 Volt 50 kwh battery pack design for Solar Power Systems Battery Storage. 48 volt 1000Ah is built-in high quality BMS battery management system, which can manage and monitor cells information ,including voltage, current and temperature etc. Also, our BMS can balance cells charging and discharging to extend cycle life.

When will gotion high-tech 50gwh power battery project start?

On December 7, the Gotion High-tech 50GWh power battery project officially started in Hefei Xinzhan High-tech Zone. The project is constructed in two phases, and the first phase will be formally put into production before the end of March 2023.

What is gotion hi-tech Xinzhan 50gwh power battery project?

As an essential part of Gotion Hi-Tech's globalization strategy, after the Xinzhan 50GWh power battery project is produced, it will provide a new generation of battery technology and products for world-class automobile companies. On December 7, the Gotion High-tech 50GWh power battery project officially started in Hefei Xinzhan High-tech Zone.
