

# **560w mAh solar container outdoor power**

## Overview

---

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

Which solar panel is compatible with flashfish 520 watts?

Solar panel: compatible with solar panels that outputs 13-22V/6A max, Flashfish 100W solar panel is recommended. Tips: Solar panels need to be purchased separately! Small size (11.7 x 7.4 x 6.6 inches) and lightweight (12.3 lbs). Flashfish 520Wh comes with a solid handle, making it easy to carry and operate wherever you go:.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.
