

5gw solar module project

Overview

What is Grand Sunergy's 5GW high-efficiency heterojunction photovoltaic module project?

On January 13, the first equipment for Grand Sunergy's 5GW High-Efficiency Heterojunction Photovoltaic (PV) Module Project at the Laizhou Heterojunction Dual-Carbon Industrial Park was successfully delivered and installed. The project, approved in August 2024, has been recognized as a major initiative in Shandong Province's 2025 development plan.

Does Astronergy have a 5GW plant in Turkey?

\$700 Million Investment! Astronergy Plans New 5GW Wafer+Cell+Module Factory in Turkey Astronergy, a subsidiary of Chint Group, has announced plans to invest \$700 million in its second photovoltaic manufacturing facility in Turkey. The new plant, located in Balıkesir in western Turkey, will produce wafers, solar cells, and modules.

What is the action plan for photovoltaic industry in Shandong province?

In 2024, the Shandong Provincial Department of Industry and Information Technology released the Action Plan for the High-Quality Development of the Photovoltaic Industry in Shandong Province.

What role does Shandong province play in Grand Sunergy's market strategy?

Shandong Province plays a crucial role in Grand Sunergy's market strategy. In 2024, the company supplied premium PV products to two key projects: the 400MW offshore PV project in Zhaoyuan, Yantai, by China General Nuclear Power Group (CGN), and the 600MW "Salt-PV Complementary" project in Tushan, Laizhou.
