

GETON CONTAINERS

60mwh solar container battery

Overview

Will A 60MW battery storage project help stabilize the local grid?

With a power output of 30MW and a storage capacity of 60MWh, this installation will play a vital role in stabilizing the local grid. Sungrow, a China-based PV inverters and energy storage systems provider, has successfully deployed a 60MWh battery storage project in Simo, Finland.

Where is Sungrow launching a 60mwh battery energy storage system?

Global solar and energy storage leader Sungrow has announced the successful commissioning of a 60MWh Battery Energy Storage System (BESS) project in Simo, Finland, marking one of the northernmost battery power plants in the world.

What is a 30mw/60mwh Bess system?

The 30MW/60MWh (2-hour duration) system, featuring 26 units of Sungrow's PowerTitan 1.0 lithium iron phosphate (LFP) BESS containers, is required to deliver high reliability and efficiency even under the region's challenging extreme weather conditions.
