

Battery car solar container lithium battery pack manufacturer

Overview

What is a battery pack enclosure?

Serving not only in various prestigious automotive brands but also in energy storage projects, the battery pack enclosure is distinguished by its construction from lightweight aluminum, crafted through meticulous processes including precision die-casting, extrusion, stamping, and welding.

Where are battery thermal management components made?

Located in Suzhou, China, they're masters in developing battery thermal management components, like battery pack enclosure, liquid cooling plates, with a variety of proprietary product lines. Their edge?

A one-stop solution from R&D to production, all meeting automotive-grade standards (IATF 16949). They have cooperation with Vinfast, LG, etc.

Why is China a leader in battery liquid cooling products & services?

If you're curious about battery liquid cooling products or services, feel free to ask me any questions! China excels in battery pack enclosure tech due to strong government support, a vast market, and major investments in innovation and sustainability.

What types of batteries can be custom made?

According to different requirements, Li-ion, Li-po , Ni-Mh battery pack can be custom made. Consumer Electronics, Intelligent Household, Power Device (electric tools, toys, model aircraft, unmanned aerial vehicles (uavs), medical equipment, AGV robot, auto stop power supply).
