

**GETON CONTAINERS**

# **Bulk purchase of 15kW solar container**

## Overview

---

How much does a 16kw Solar System cost?

The cost of 16kW solar power systems varies. On the lower end, you might expect to get Chinese inverters such as Sungrow, Growatt, JFY, Goodwe etc. and Chinese (lower-tier) panels such as Hannover, Munsterland, ZN Shine etc. You might expect to pay \$18,400.00 for such a system.

How much does a 15 kW solar kit cost?

Buy the lowest cost 15 kW solar kit priced from \$1.13 to \$2.00 per watt with the latest, most powerful solar panels, module optimizers, or micro-inverters. For home or business, save 26% with a solar tax credit. Click on a solar kit below to review parts list and options for battery storage, EV charging and installation.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

## Bulk purchase of 15kW solar container
