

# **Customer Support for Automated Energy Storage Containers**

## Overview

---

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What services does a battery energy storage company offer?

All levels include remote monitoring and diagnostic services. This provides 24/7 real-time monitoring, diagnostics, and customer support to optimize the availability, reliability, and performance of battery energy storage systems for asset owners and operators worldwide.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

## Customer Support for Automated Energy Storage Containers
