

# **Energy storage power station leader**

## Overview

---

### Who is Highview Power?

Highview Power is a leading provider of long-duration energy storage (LDES) technology. The company is actively developing large-scale energy storage facilities, such as the Hunterston project in the UK. Its exclusive focus on Liquid Air Energy Storage (LAES) addresses the requirement for long-duration storage without relying on batteries.

### Why is Panasonic a leading energy storage company?

Thanks to a wide and varied portfolio of solutions, Panasonic has positioned itself as one of the leaders in the energy storage vicinity. Panasonic is one of the industry's top names due to its advances in innovative battery technology alongside strategic partnerships and extensive experience in manufacturing high-quality products.

### What is the largest grid-forming energy storage station in China?

This marks the completion and operation of the largest grid-forming energy storage station in China. The photo shows the energy storage station supporting the Ningdong Composite Photovoltaic Base Project. This energy storage station is one of the first batch of projects supporting the 100 GW large-scale wind and photovoltaic bases nationwide.

### Who owns powerplay battery energy storage systems?

On June 27, 2024, Generac Power Systems announced its acquisition of PowerPlay Battery Energy Storage Systems, a division of SunGrid Solutions Inc. PowerPlay specializes in providing turnkey BESS solutions for C&I projects, with capacities up to 7 MWh.
