

Future Asia Pacific solar container energy storage system

Overview

Which countries are deploying a battery energy storage system (Bess) in 2025?

Spanning Australia, Japan, Southeast Asia and South Asia, these deployments represent a substantial contribution to 16 GWh of new Battery Energy Storage System (BESS) capacity projected to be added in APAC (excluding China) in 2025, according to BloombergNEF.

Why is Trina storage growing in Asia Pacific?

“Our growing presence across APAC reflects not only strong market demand but growing recognition of Trina Storage's differentiated technology, delivery capabilities, and long-term reliability,” said Dr Leo Zhao, Head of Energy Storage at Trinasolar Asia Pacific.

What is Trina storage doing in 2025?

10 July 2025 - Trina Storage, the energy storage division of global solar leader Trinasolar, has reached a significant milestone with more than 2.4 GWh of utility-scale storage capacity under execution across the Asia-Pacific region (excluding China) as of July 2025.
