

GETON CONTAINERS

Helsinki dedicated solar container battery company

Overview

Where is Finland's new battery storage facility located?

In northern Finland, less than 100 kilometres south of the Arctic Circle, a new battery storage facility is now supporting the stability of the regional power grid. The plant, equipped with 26 PowerTitan 1.0 containers from Sungrow, delivers 30 MW of output and 60 MWh of storage capacity.

Can battery storage support Finland's power grid?

One of the world's northernmost battery storage systems is now supporting Finland's power grid as part of a joint venture between Sungrow and FRV AmpTank. In northern Finland, less than 100 kilometres south of the Arctic Circle, a new battery storage facility is now supporting the stability of the regional power grid.

Where in the world is a Battery Park in Finland?

Pack your gloves – a battery park in northern Finland. One of the world's northernmost battery storage systems is now supporting Finland's power grid as part of a joint venture between Sungrow and FRV AmpTank.

Where is Sungrow powertitan battery storage located?

The company is developing battery storage projects for both short-duration and long-duration storage at multiple locations. This Battery Energy Storage System (BESS) project is located less than 100 km south of the Arctic Circle and is made up of 26 Sungrow PowerTitan battery containers.
