

# **High quality high quality 240 volt breaker distributor**

## Overview

---

What is a 240V circuit breaker?

A circuit breaker 240V is also known as a double-pole circuit breaker. It is mainly used to protect a dedicated circuit for high-power appliances such as electric ranges, air conditioners, and more. This breaker is rated chiefly from 20 to 60 amps. Since a 240V breaker is as big as two 120v breakers, it takes up two places in a load center.

Where are Dada circuit breakers made?

Dada Electric is based in Shanghai. They make over 160 electrical products, including circuit breakers. Adhering to ISO 9001 guidelines ensures rigorous quality standards throughout the manufacturing process. Global marketing departments promote the Dada brand name across five continents. Their air circuit breakers protect medium-voltage networks.

Who makes molded circuit breakers?

Korlen was founded in 1985 in Zhejiang province. They specialize in making molded circuit breakers, fuse-filled breakers, and molded case breakers. Known for its innovative designs, Korlen provides a wide range of products that include other control devices.

Who makes tosunlux circuit breaker?

TOSUNlux is a trusted name in circuit breaker manufacturing. They create circuit breakers for different uses, from homes to factories. Their products are built to meet safety standards worldwide. This makes them a dependable choice for strong, lasting electrical protection. Korlen was founded in 1985 in Zhejiang province.
