

GETON CONTAINERS

High voltage breaker for sale in Melbourne

Overview

What types of circuit breakers are available?

We carry a wide range of circuit breakers including RCBO, RCCB, ELCB, MCCB and MCB, in the most popular voltage and current combinations. Shop popular currents including: 20a , 32a , 40a , 50a , 63a , more. Shop popular brands including: Clipsal , Hager , ABB , Schneider , Eaton , more Currently, we have no products assigned to this category.

What is a DC circuit breaker?

A DC circuit breaker is an overcurrent protection device designed to interrupt direct current flow during overloads or short circuits. It safeguards electrical systems by automatically disconnecting the circuit, helping to prevent damage to equipment and reduce the risk of fire or failure in DC power applications. 2.

What is Iw30-72.5/3150-40 SF6 high-voltage AC circuit breaker?

LW30-72.5/3150-40 SF6 high-voltage AC circuit breaker is of 3-phase 50Hz high-voltage switchgear, used for the control and protection of 72.5kV power distribution and transmission system, as well as the network interconnected circuit breakers and the switching of capacitor banks.

Are DC circuit breakers suitable for low-voltage applications?

Absolutely. DC circuit breakers are suitable for low-voltage applications, including 12V DC systems often found in automotive, marine, and small-scale solar installations. We stock various models to match both low- and high-voltage requirements.

High voltage breaker for sale in Melbourne

[Reliable DC Circuit Breakers for Power Safety](#)

Shop high-performance DC circuit breakers at Fastron. It is designed to protect low & high voltage systems from overloads, faults, & short circuits effectively.
