How much does a solar panel cost for a home in New Delhi

Overview

How much does a solar panel cost in Delhi?

Without subsidies, the solar panel price in Delhi varies depending on the capacity, quality, and brand of the panels. Typically, the price of a solar panel system ranges between ₹75,000 to ₹85,000 per kilowatt (kW), excluding installation charges.

How to save money on solar panels in Delhi?

With both subsidies combined, you can save up to 40% on total solar cost. For instance, a 3 kW system priced at ₹1,22,979 can drop to around ₹73,787 after subsidies. When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable.

Are solar panels a smart investment in Delhi in 2025?

Delhi is moving fast towards clean energy, and rooftop solar systems are becoming a popular choice for homes and businesses. With rising electricity bills and government support, installing solar panels in 2025 is a smart investment.

Do solar panels cost a lot in India?

Yes, the solar panel installation costs do vary state by state in India due to factors affecting subsidies, labor costs, and solar policies. What is the average cost of a 3 kW and 5 kW solar system in India?

Are installation and labor charges included in the panel price?

What is the maintenance cost after installation?
