# **Iran lithium energy storage power supply manufacturer direct sales**

## Overview

---

How much lithium does Iran have?

With global lithium reserves estimated at 89 million tons, Iran may now possess almost one tenth of the world's lithium supply. Lithium prices have skyrocketed in recent years, thanks partly to increased demand for electric vehicle batteries containing the element.

What is Leoch lithium battery?

Leoch lithium battery focuses on energy storage integration and application technology, focusing on home energy storage, network energy, power energy storage and smart energy. It has a professional BMS R&D team to meet customers' diversified energy needs.

Who does Leoch supply power battery solutions to?

The solutions are mainly supplied to the mainstream manufacturers in the industry. Leoch has the world's most advanced production equipment and power battery technology research and development equipment.

## Iran lithium energy storage power supply manufacturer direct sales

### [Explainer: Iran's first lithium-ion battery line ushers in](#)

Iran has officially embarked on developing commercial lithium-ion batteries, driven by rising global demand and the country's increasing focus on renewable energy and electric ...
