What is battery Japan?

BATTERY JAPAN gathers a broad range of technologies, components, materials, and devices for rechargeable batteries development & production. The show attracts professionals from all over the world. Exhibitors and visitors from overseas Note: The number of exhibitors, visitors, and conference speakers are expected including concurrent shows.

Are Osaka batteries good?

They are designed for high-performance vehicles. Osaka makes sure that these batteries have good cold cranking power that is up to 122%. One of the more popular options is the Osaka S50+. It has an ampere of 34Ah at 12 volts. It is intended for cars from 800cc-1000cc. Of course, there are more options available if you need something more powerful.
