

# **Kosovo Solar Power Frequency Inverter**

## Overview

---

Does Kosovo have solar power?

Kosovo has the potential of capturing solar energy directly and converting it to electricity. The region of highest solar potential based on global horizontal irradiation is the southwestern part of Kosovo, centred around the city of Gjakova. Solar power is already used on the roofs of some buildings.

Why should you choose energy solutions in Kosovo?

Clean energy solutions designed to enhance efficiency and sustainability for homes across Kosovo. Comprehensive energy systems tailored to meet the unique needs of businesses locally and regionally. Advanced energy infrastructure solutions optimized for industrial operations in Kosovo and surrounding areas.

Who is Unisolar?

Based on previous personal experiences in energy systems and having it all the necessary European qualifications for photovoltaic systems, the two co-founders established company Unisolar L.L.C., with the aim of reaching the heights of a successful business in the field of renewable energy in Kosovo and wider.

What can teravolti do for Kosovo?

Advanced energy infrastructure solutions optimized for industrial operations in Kosovo and surrounding areas. Innovation in: North Macedonia, Albania, and partnerships across Europe, Asia, and North America. Explore our project portfolio and see how Teravolti is transforming Kosovo and the region with clean, sustainable solar energy solutions.
