

# **Latvian Sunshine Energy Storage Power Supply Direct Sales Store**

## Overview

---

Where is the first battery energy storage system in Latvia?

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 MWh in Targale, Ventspils region.

Who is Zhuhai Sunshine energy technology?

Zhuhai Sunshine Energy Technology Co., Ltd. is a professional manufacturer specializing in the research, development, manufacture and sales of energy storage battery, base station power supply, EV battery and digital battery. It has been committed to providing various professional power solutions for customers.

What is the upstream of the electrochemical energy storage industry chain?

The upstream of the electrochemical energy storage industry chain mainly consists of various raw material suppliers, including positive and negative pole materials, electrolytes, battery diaphragms, electronic components, special auxiliary materials, etc.

How much energy storage will Europe have by 2023?

According to SolorPower Europe's forecast, the new installed capacity of the European domestic energy storage market will exceed 1GWh by 2023. The electrochemical energy storage industry chain, like other industries, consists of upstream, middle reaches, and downstream.
