Is sunroom glass tempered?

Choose from clear glass or bronze tint. All our glass is tempered for safety. Tempered sunroom glass keeps you safe during accidental breakage. The glass will shatter into tiny pieces instead of dangerously sharp shards. We are proud to be the only sunroom glass manufacturer who performs this process in-house.

What are the different types of solarium frames?

Our solarium frame options include white, sandstone and bronze and provide the highest resistance to scratching, fading, peeling and chipping. Comprised of two panes of glass, insulated glass is a popular choice for extending the seasonal use of your sunroom. It will also improve your heating and cooling performance over single-pane glass.
