

Micro Solar Air Conditioner

Overview

Who is China solar air conditioner manufacturer?

Deye is a famous China Solar Air Conditioner manufacturer and supplier. They offer battery-powered or no-battery solar air conditioners for sale worldwide.

How efficient are solar-powered air conditioners?

As you explore options for solar-powered air conditioners, understanding power source efficiency is vital for making an informed decision. These units convert sunlight into electricity, which helps reduce energy costs. Pay close attention to the solar panel's efficiency, typically ranging from 15-22% for polycrystalline and monocrystalline panels.

What is a micro DC aircon?

The mobile A/C unit runs on power DC 12V/24V/ 48V, easily connecting to challenging confined spaces and extremely hot ambient! This micro dc aircon is a sub-system that can be easily integrated into the customer's system and device. And its smallest footprint and lightest weight make it a perfect match for their compact space cooling.

What is rigid micro DC aircon?

The World's Smallest Mobile DC Air Conditioner Unit. As a spot cooler designed for confined/small space cooling, small footprint, and less power consumption. RIGID Micro DC Aircon is a compact solution for small & confined space cooling, such as cabins, cuddy cabins, and electric vehicles, etc.
