

New Delhi Xinxin solar container outdoor power

Overview

How much solar power will Delhi have by 2027?

The Delhi government has announced plans to install 4,500 MW of solar capacity, including 750 MW of rooftop solar within the state and around 3,750 MW of utility-scale solar outside the state by 2027 under the new Solar Energy Policy 2023.

What is solar energy policy in Delhi?

This policy will apply to any solar energy generating system with a capacity of 1 kWp or more. It applies to all electricity consumers and entities that set up or operate solar power projects in Delhi.

How can consumers adopt solar energy in Delhi?

Consumers in Delhi facing capital constraints can access models under the Renewable Energy Service Company (RESCO) mode to adopt solar energy. One such model is the conventional RESCO model, where consumers enter into a power purchase agreement (PPA) with a solar developer/installer for a fixed period, typically 25 years.

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.
