

GETON CONTAINERS

New Zealand site energy battery cabinet franchise agent

Overview

Who installs sigenergy hybrid inverters & energy storage solutions in New Zealand?

Planet Electrical is proud to install Sigenergy hybrid inverters and energy storage solutions across New Zealand. With their advanced technology, reliability, and efficiency, Sigenergy is an excellent choice for anyone looking to reduce energy costs, maximize solar power, and achieve energy independence.

Is New Zealand a key market for storage solutions?

Power Electronics NZ Ltd Operations Director Brent Sheridan sees New Zealand as a key market for storage solutions with future generation growth primarily being led by solar and wind technology. “Both these forms of generation work perfectly in combination with batteries to provide a continuous and stable energy supply.

What is WEL Networks & Infratec doing for New Zealand?

WEL Networks and Infratec are pleased to announce that they have entered into major contracts for the supply and build of New Zealand’s largest battery storage facility. The project will play a pivotal role in the reduction of emissions in the Waikato and will support New Zealand’s Net Zero goal of becoming 100% renewable by 2030.

Who installs smart systems in Southland & Otago?

In Southland and Otago, our official installation partner is NES—a leader in electrical and energy solutions across the lower South Island. With NES handling the install, you can expect smart systems delivered with local knowledge, reliability, and unmatched service.
