

Open a battery pack

Overview

How do you get a battery pack?

On the day after the storm, a Battery Pack can be acquired from it. Battery Packs can sometimes be purchased from the Traveling Cart for 1,500–2,500g and can be sold to Robin at the Carpenter's Shop. Very rarely, a Battery Pack can be dropped by breaking boxes or crates in the Skull Cavern. They may also be dropped by Iridium Bats (5% chance).

How do you remove a laptop battery pack?

To remove a laptop battery pack, start by splitting open a small section of the battery pack at the seam using a screwdriver or craft knife. Then, pry the plastic case loose by moving around the outer edge until the entire top is free. This may require some force.

How do you attach a battery pack to a circuit board?

To connect a battery pack to a circuit board, first ensure the metal contacts are properly attached to the cells. Then, use double-sided tape or a solder gun (only if necessary) to attach these contacts to the circuit board.

What can you do to save money instead of buying a new laptop battery?

Because new laptop batteries are expensive, replacing the individual cells inside the battery casing can save a lot of money. Laptop batteries, like all rechargeable battery packs, lose their charging capacity over time.
