

GETON CONTAINERS

Rome Photovoltaic Energy Storage Container 200kW

Overview

What is a 200kW all-in-one solar system?

Seamless Integration and Scalability: Our 200kW all-in-one system offers seamless integration of solar panels and LFP battery storage, providing a comprehensive energy solution for your business or industrial needs. With scalability in mind, this system can be easily expanded to accommodate future growth and energy requirements.

What is a 200kW solar energy system?

Unmatched Power Generation: Discover unparalleled energy efficiency with our 200kW all-in-one solar energy system. Designed to revolutionize power generation, this system harnesses the abundant energy of the sun to provide a sustainable and reliable power source for your large-scale projects.

What solar systems work with Megatron battery energy storage systems?

Inquire Now! ATLAS Commercial and HERCULES Carport PV systems perfectly pair with MEGATRON battery energy storage systems. MEGATRON 50kW to 150kW systems can be paired with 50kW to 100kW's of PV. Each BESS has either 50kW or 100kW solar inverter integrated into the containerized system.

What is a 200kwh air-cooled energy storage system?

Say goodbye to worrying about power outages or fluctuating energy costs - with our state-of-the-art system, you're in control. The 200kWh Air-Cooled Energy Storage System (Model: FC-W-200kWh-100kW) internally integrates DCDC energy storage/photovoltaic-side voltage transformation, supporting connection to photovoltaic systems.
