

Secondary battery cabinet

Overview

What is a lithium ion battery storage cabinet?

Our Lithium Ion Battery Storage Cabinet LBSC-A10 is designed for secure storage of lithium-ion batteries in labs, workshops, and small industrial units, offering fireproof protection in compact spaces. Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments.

What is a lbsc-a10 battery storage cabinet?

Labtron is a leading supplier of the Lithium Ion Battery Storage Cabinet. The LBSC-A10 features an 18 L sump, five shelves supporting 75 kg each, and DN75 air ducts, ideal for secure battery storage.

What is a secondary connection cabinet?

The use of a secondary connection cabinet with a customer disconnect switch allows the customer the ability to de-energize his own service for equipment maintenance without calling the Company to schedule an outage. The secondary connection cabinet shall be located adjacent to the distribution transformer.

What are labtron lithium ion battery storage cabinets?

Labtron Lithium Ion Battery Storage Cabinets are engineered for secure storage and controlled battery charging environments. These cabinets feature self-closing, oil-damped doors and triple hinges for maximum structural endurance. They are constructed with a powder-coated steel body and integrated leak-proof sump for safe containment.
