

# Solar Panels Customization

## Overview

---

Why should I get a custom solar panel design?

Receive a custom prepared design for a solar panel system prepared by an experienced technician. This personalized solar design helps you to make an informed, unbiased decision to find the best solar power system at the lowest cost.

How much does it cost to design a custom solar panel?

There are no design fees to create a prototype of your custom solar panel. Some, but not most, designs may require a fee to prepare the machinery to create your specific panel at volume. Our MOQ is 500 - 2,000 units depending on the size of the panel.

Can I get a solar panel in a custom shape?

Yes, it is possible to get a solar panel in a custom shape. At Voltaic, we manufacture both standard and custom small solar panels, with most being rectangular, but we have experience designing and deploying a full range of interesting shapes and sizes.

What is Custom Solar?

Custom Solar is a company with design and installation expertise that, when combined with Mitie's industry leading project management and mobile engineering offering, will support Mitie's ambition to be a leading provider of end-to-end green energy solutions.
