Solar components of the solar plant in Chiang Mai Thailand

Overview

What is Chiang Mai University solar PV Park?

Chiang Mai University Solar PV Park is a 12MW solar PV power project. It is located in Chiang Mai, Thailand. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently active. It has been developed in a single phase. Post completion of construction, the project got commissioned in 2020.

Who is Chiang Mai solar?

the only local manufacture of solar panels! Chiang Mai Solar designs and installs solar-related systems such as Solar Electric Systems, Solar Water Heating, Solar Pool Heating and many more. Utilizing solar energy through Solar cells or a dedicated solar power receiver. To help save money in the long term and environmental friendly.

What are the market opportunities for solar energy in Thailand?

Market Opportunities Rapid Urbanization: Thailand's urban centers offer vast opportunities for solar energy adoption. The increasing demand for electricity in urban areas, coupled with limited space for traditional power plants, makes solar installations an attractive option.

How many solar power plants are in Thailand?

The green bond proceeds will be earmarked for nine operational solar power plants with a total capacity of 67.7 megawatts (MW) and seven solar plants under construction—all in Thailand and with a total capacity of 30.8 MW.
