

# **Solar energy storage device in Brazil**

## Overview

---

What are the top 10 energy storage companies in Brazil?

Due to various incentives and policies, Brazil's optical storage market has seen a rapid growth. The document presents a comprehensive list of the top 10 energy storage companies including Baterias Moura, BYD, Freedom Won, Blue Nova Energy, Intelbras, Huntkey, FIMER, SMA Solar, Sungrow, and SolarEdge.

What is Moura solar?

It mainly provides independent energy storage systems using lithium iron phosphate battery technology. It is one of the largest energy storage system suppliers in Brazil. Moura Solar was developed by Acumuladores Moura and Neosolar and is Brazil's first commercial photovoltaic + energy storage project.

Can Brazil be a big battery storage country?

With well-designed policies and regulations, Brazil has significant potential to follow in the footsteps of jurisdictions like California and Chile for large-scale battery storage, Germany for distributed and large-scale storage, and Australia for both pumped hydro and large-scale battery systems.

Where is Brazil's first commercial wind power & energy storage project located?

In March 2021, Acumuladores Moura and Baterias Duran jointly developed Brazil's first commercial wind power + energy storage project and put it into operation. It is located in the state of Bahia in northeastern Brazil, with a total capacity of 1.5MW/3MWh, aiming to provide local Agricultural irrigation provides stable and clean energy.
