

Solar energy storage in Barcelona Spain

Overview

What is solar & storage Live Barcelona?

With a strong focus on collaboration, Solar & Storage Live Barcelona promises to be a landmark event for Spain's renewable energy industry, fostering connections among suppliers, stakeholders, and innovators across the value chain.

Why do we need energy storage systems in Spain?

Energy storage systems in Spain are a key element in the fight against climate change, as they help us to address the challenge of the energy transition. These systems make renewable energy production more flexible; and therefore help us to guarantee its integration into the Spanish electricity system.

When is solar & storage Live Barcelona 2024?

Over 3000 solar industry professionals from across the energy value chain to gather at Fira Montjuïc, Barcelona, from November 13-14, 2024. Solar & Storage Live Barcelona 2024 is set to debut at Fira Montjuïc on Wednesday, 13 November and Thursday, 14 November 2024, drawing over 3,000 energy professionals from around the globe.

What is the rated storage capacity of Erasmo solar PV Park?

The rated storage capacity of the project is 1,000,000kWh. The thermal energy storage battery storage project uses molten salt thermal storage storage technology. The project will be commissioned in 2024. The project is developed by Malta. [Buy the profile here.](#) 2. Erasmo Solar PV park – Battery Energy Storage System
