# **Solar water pump solar power generation in Mumbai India**

## Overview

---

How to promote solar powered water pumping systems in India?

Therefore, to promote solar powered water pumping systems across India, our Indian government has launched the PM-KUSUM (Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan) scheme. Under this scheme, central government is providing up to 90% subsidy on solar water pumps through MNRE department.

Which is the best solar pump manufacturer in India?

Shakti Pumps remains the most established and specialized solar pump manufacturer in India, with an early-mover advantage in solar irrigation systems. As of Q4 FY25, the company has executed PM-KUSUM projects across over nine states and reported a solar pump revenue of ₹532 crore for FY25, marking a 22% year-on-year increase.

What is the Indian solar water pump market?

The Indian solar water pump market is expected to grow significantly due to increasing application in the domestic and agriculture sector, increasing government support, and low maintenance. Solar water pumps are easy to install due to which it is becoming popular among the end-user.

How many solar water pumps are there in India?

By comparison the number of fossil-fuel-powered water pumps in India totals more than 8.8 million. "Solar pumps would also reduce the burden on discoms of providing highly subsidised power to the agricultural sector.
