St George Northwest solar Glass Company

Overview

Who is NSG & first solar?

With this new production line, NSG and First Solar are laying the foundation for a future focused on energy innovation and development. Architectural glass specialist NSG Group has started production of advanced solar glass at its renovated facility in Ohio.

Does NSG make solar glass?

NSG Group has begun production of advanced solar glass at its renovated Ohio facility.

Who makes advanced solar glass?

Architectural glass specialist NSG Group has started production of advanced solar glass at its renovated facility in Ohio. This new step strengthens the strategic collaboration with First Solar , a photovoltaic technology company in the United States.

Where is NSG Group's solar plant located?

NSG Group's solar plant is located in Rossford, Ohio. The 1.4 MW plant is built on a repurposed brownfield site and is powered by more than 4,300 First Solar thin-film solar panels featuring NSG Group's solar energy glass products.
