# **Tbilisi solar panel folding package manufacturer**

## Overview

---

Who makes solar panels in Armenia?

In 2017, Solaron became the first Armenian company to begin mass production of photovoltaic solar panels. For this purpose, we have established long-term partnerships with organizations and research centers in the EU and China. Solaron produces solar panels at its own modern production facilities located in Yerevan.

What types of solar panels does Solaron manufacture?

Solaron manufactures various solar panels, including monocrystalline, bifacial, and half-cut varieties. Solaron is a leading solar panel manufacturer in the South Caucasus, offering innovative solar energy solutions for homes & businesses. FREE Consultation.

Where are Solaron solar panels made?

Solaron produces solar panels at its own modern production facilities located in Yerevan. To ensure the production of high-quality solar panels, the company has invested in a modern and innovative production line from the renowned Italian company Ecoprogetti.

Where is Solaron available?

Solaron's services are available throughout all regions of Armenia and Georgia. Brand "Solaron" is a registered trademark for products manufactured by Profpanel. In Solaron Company merged a team of highly qualified professionals with many years of experience in the business organization from scratch.
