

What is the waveform of the output of the dual 12v inverter

What is the waveform of the output of the dual 12v inverter

[What Does 8 x 20-μs and 10 x 1000-μs Mean in Surge ...](#)

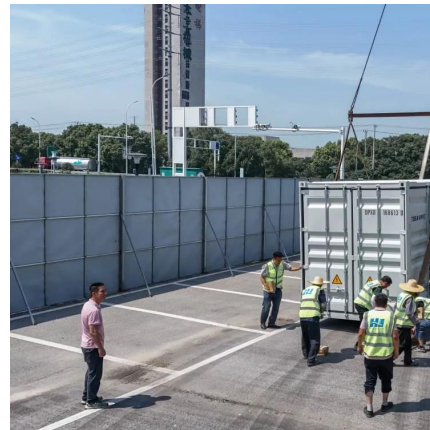

I'm trying to understand the meaning of 8 x 20-μs and 10 x 1000-μs standardized transient impulses (or sometimes it's called a waveform). But what does it actually mean.

[How to produce sawtooth waveform from square waveform?](#)

Then, use the same square waveform, give it a 180° phase shift and make it into another positive sawtooth waveform (180° from the first positive sawtooth waveform). Finally, ...

[LTspice MOSFET turn-on waveform](#)

I am simulating a double-pulse test in LTspice. The overall principle works well (turn-on to charge the load inductor, followed by turn-off and turn-on at load current >0. ...
